LITERATURE NOTICES

Origin and evolution of insect wings and their relation to metamorphosis, as documented by the fossil record, by Jarmila Kukalova-Peck. 1978. Jour. Morphol. 156:53-126.

Soil surface Coleoptera in a reed swamp, by Radoslav Obrtel. 1972. Acta Sc. Nat. Brno 6(9):1-35.

Revision of the Genus *Sphenophorus* in South America, by Patricia Vaurie. 1978. American Museum Novitates, No. 2656, 1-30.

Zoogeography and evolution of the subterranean invertebrate faunas of Illinois and Southeastern Missouri, by Stewart B. Peck and Julian J. Lewis. 1978. Natl. Speleolog. Soc. Bull. 40(2):39-63.

Revision of *Cholus (Aphyoramphus)*: Part 2. New species of *breviscapus* Group (Coleoptera, Curculionidae, Cholinae), by Patricia Vaurie. 1978. American Museum Novitates, No. 2657, 1-6.

New montane *Ptomaphagus* beetles from New Mexico and zoogeography of Southwestern caves (Coleoptera; Leodidae; Catopinae), by Stewart B. Peck. 1978. The Southwestern Naturalist 23(2):227-238.

The subterranean and epigean Catopinae of Mexico (Coleoptera: Leiodidae), by Stewart B. Peck. 1977. Assoc. Mex. Cave Stud. Bull. 6:185-213.

An analysis of the shore beetle communities of some channelized streams in Northwest Ohio (Coleoptera), by Paul M. Holeski and Robert C. Graves. 1978. The Great Lakes Entomologist 11(1):23-36.

New records and species of Leiodinae and Catopinae (Coleoptera: Leiodidae) from Jamaica and Puerto Rico, with a discussion of wing dimorphism, by Stewart B. Peck. 1977. Psyche 83(3-4):243-254.

The myrmecophilous beetle Genus *Echinocoleus* in the Southwestern United States (Leiodidae; Catopinae), by Stewart B. Peck. 1976. Psyche 83(1):51-62.

An unusual sense receptor in internal antennal vesicles of *Ptomaphagus* (Coleoptera: Leiodidae), by Stewart B. Peck. 1977. Can. Ent. 109:81-86.

A review of the distribution and biology of the small carrion beetle *Prionochaeta opaca* of North America (Coleoptera; Leiodidae; Catopinae), by Stewart B. Peck. 1977. Psyche 83(3-4):299-307.

Feeding ecology of the salamander *Eurycea lucifuga* in the entrance, twilight, and dark zones of caves, by Stewart B. Peck and Beverley L. Richardson. 1976. Ann. Speleol. 31:175-182.
